OBJECTIVE

Experienced Web Developer passionate about creating attractive and interactive websites that meet customer needs and exceed expectations. Proficient in various platforms, languages, and embedded systems. Seeking a position in a growth-oriented company where I can showcase my skills.

WORK EXPERIENCE

Web Developer

Edith Cowan University, Perth, WA

July 2023 - Present

- Developed websites using HTML, CSS, and WordPress.
- Provided front-end website development with WordPress, HubSpot, and other tools.
- Engaged with clients to plan and resolve site issues.
- Oversaw back-end development using PHP to maintain website integrity.
- Adhered to SEO best practices.
- Ran debugging tools to eliminate flaws and glitches prior to publishing.

Software Engineer Intern

Akron, Perth, WA

July 2023 - September 2023

- Built and implemented user interfaces using JavaScript and Angular.
- Developed efficient JavaScript code and utilized HTML and CSS.
- Created adaptable interfaces for online applications.
- Conducted performance tests and product-analysis tasks.
- Collaborated with cross-functional teams to ensure high application performance.
- Identified and troubleshooted issues with front-end code.

PROJECTS

Web Development

- Developed an interactive Pac-Man style game using BlueJ.
- Created an Android app using back-end APIs for a movie database.
- Designed a website with Cloud9 and S3 bucket for AWS data storage and retrieval.
- Built an Angular web application for a car wrapping startup with various functionalities including order placement and chatbot.

Database Design

- Designed a SQL database for a medium-sized business.
- Created use cases and rational relation diagrams to understand requirements.

Other Projects

- Built a style tile for a fictional yogurt brand using Adobe XD and filmed an advertisement for the brand.

EDUCATION

Bachelor of Science: Information Technology (Software Engineering)

Southern Cross University, Perth, WA

Graduated October 2022
